ScenicSolutions
FREEMAN

ScenicSolutions by Freeman can take your next meeting from stock to shock.

Our customizable **Modular Solutions** offer meeting planners quality modular elements for both meeting and tradeshow environments. Meant to replace the standard black curtain, this innovative product is made of easy-to-install panels of varying shapes, sizes and textures that can be arranged in a number of positions and heights. Easily incorporate custom theatrical lighting, graphics, videos and slideshows for an affordable, electrifying brand experience. The panels ship compactly, and assembly is quick and simple, thereby saving labor and transportation costs.

“ it's about leveraging the right technologies
to grow and extend the world of
live engagements ”
